ADOBE ACROBAT

Adobe Acrobat extension for Google Chrome

# Work with Acrobat directly from within Google Chrome

Applies to: **Adobe Acrobat DC**

Last Published: **January 12, 2020**

With this all-new Google Chrome extension, you can:

- Easily turn web pages into PDF files that look and act just like the page you converted. Original links, layout, and formatting stay intact.
- Quickly switch from viewing PDFs in Chrome to opening and working on them in Acrobat on your desktop.
- Use Adobe Document Cloud services to convert and combine files in your browser.

**Note:**

This extension lets you share information with Adobe about how you use the application. This option is turned on by default. The information collected is anonymous and helps us improve product quality and features. You can change this setting at any time in Options for this Chrome extension. [Learn more >](#)
